The co-investment will involve a luxury housing project developed under a new brand in Chaengwattana. The companies are also in discussion for a second landed housing project in the east of Bangkok, as well as exploring further opportunities for co-operation.

"We are delighted to start a long-term relationship with a leading developer like Hongkong Land. We have a successful track record of developing both low-rise and condominium projects across Asia, including several township projects in China, Indonesia and the Philippines. We are confident that with this co-operation, we will replicate this success in Thailand."

Wongsakorn Prasitvipart, Managing Director of Property Perfect Public Company Limited, added: "The project we are starting with will span over 100 rai and encompass a large lake as a key selling point. It is located in Chaengwattana on a 130-rai land plot, near the expressway and the MRTA Pink Line. This project, which is based on the concept of a Lake Resort, will house 179 units worth over Bt4,000 million. It is scheduled for opening in early 2019. The project will be marketed under a new, more premium brand. The most prestigious property is a large house by the lake covering an area of 1 rai, that comes with a price tag of Bt100 million, making it a very rare product in the market. Thanks to Hongkong Land's expertise, our projects will push Thailand's luxury residential development standards to a truly international level."
